EDUCATION

Lokmanya Tilak College of Engineering

Bachelor of Engineering in CSE(AIML) ; CGPA: 7.38/10.0

Ramanand Arya D.A.V College

HSC Science ; Percentage: 64.50

RAUBS English High School

SSC ; Percentage: 87.60

Navi Mumbai, Maharashtra

2022 – Present

Mumbai, Maharashtra

June 2020 – March 2022

Mumbai, Maharashtra

March 2020

PROJECTS

Company Research Bot | [GitHub](#)

Jan 2025 – May 2025

- Built an automated bot designed to streamline the process of gathering and analyzing company information for research and due diligence purposes.
- Useful for business analysts, investors, and professionals conducting market or competitor research.
- **Tech-Stack:** Python, TypeScript, CSS, Scikit-learn, Streamlit.

Climateinsight | [GitHub](#)

July 2024 – Nov 2024

- Developed a web-based platform for visualizing and analyzing climate data, enabling users to gain actionable insights into environmental trends and climate change impacts.
- Applicable in environmental research, policymaking, and educational outreach to support data-driven climate action and awareness.
- **Tech-Stack:** Python, Matplotlib, TypeScript, Pandas.

Book-Recommender-System | [GitHub](#)

July 2023 – Nov 2023

- Developed a personalized book recommendation system leveraging collaborative filtering and content-based algorithms to suggest relevant books based on user preferences and reading history.
- Applied in online bookstores, digital libraries, and reading platforms to enhance user engagement and discovery of new books.
- **Tech-Stack:** Python, HTML, CSS, Scikit-learn, Jupyter Notebook.

SKILLS

Programming: Python, Java, SQL, HTML, CSS

Databases: MySQL

Packages: Pandas, NumPy, Matplotlib, Scikit-learn

Tools: GitHub, VS Code, IDLE Python, Jupyter Notebook, PyCharm, Google Colab, Ms Excel, Ms Office

Hard Skills: Data Modeling, Data Visualization, Data Analysis, Statistical modeling, Data cleaning, Model evaluation

WORK EXPERIENCE

Code Unnati

Mumbai, Maharashtra

[Linkedin](#)

- Completed an intensive training program on Emerging Technologies with Edunet Foundation and SAP, focusing on hands-on learning in areas such as Artificial Intelligence, Machine Learning, Cloud Computing, and IoT.
- Collaborated with peers to build and deliver a capstone project applying real-world problem-solving skills using advanced tech tools and industry best practices.
- Gained practical exposure to industry-relevant technologies through expert-led sessions, bootcamps, and mentorship, enhancing career readiness for Industry roles.

ACHIEVEMENTS

Completed an intensive training program on Emerging Technologies with **Edunet Foundation and SAP.**

Won First Prize in a Project Presentation Competition for developing and presenting an innovative solution.

Presented a Technical Poster at a college-level competition, demonstrating strong research, design, and communication skills .

CERTIFICATIONS

Successfully participated in the **Code Unnati Innovation Marathon**.

Completed a Micro-Internship in Data Science with IBM SkillsBuild.

Completed Live Training on NLP, ChatGPT, and Prompt Engineering with Excelar in 2024.

Earned Multiple Certifications from IBM SkillsBuild, including:

- Mastering Data with Machine Learning
- A beginner's guide to artificial intelligence and machine learning
- Tools for Data Analysis
- Introduction to Data Science
